

School Worries

I worry about the next school year
I'm moving up a grade.
Will I still have my recess with
Old friends that I have made?

What if my lunch is far away
And I get lost at 10?
What if the teacher calls on me
When I have dropped my pen?

I try to keep inside my thoughts
The good things I will do.
But what if I should lose a book
Or spill the classroom glue?

I guess that we all worry,
Teacher told me that last year.
She said to hang our worries
On her hat rack - next to fear.
